What Are Teachers Saying About the GearPicks Pack?

I have ordered and received the subscription and it is really worth it! I could only afford to order the primary one, but I am really happy I did. I am the TL at the school and it has been a big timesaver than buying each separately or only a few at a time. I am really happy you guys partnered up!! I know that my teachers will really appreciate the books as many of our teachers use your teaching resources Adrienne...

I got all three boxes a few weeks ago! It was like Christmas! You've made my job as a TL in 2 schools SO MUCH EASIER!!
